KIDS ACTIVITIES

Nature Discovery Workshops:

Interactive sessions where children can learn about insects, plants, and ecosystems through fun experiments.

Nature Craft Corner:

Workshops utilizing natural materials to create art projects like Leaf printing, flower pressing, and craft projects.

Storytelling Sessions:

Engaging tales about nature and wildlife, fostering a love for the environment.

Nature games- Scavenger Hunts:

Fun-filled exploration tasks to learn about the environment.

Mini Garden Workshops:
Create small potted plants or seed balls to take home.

Bug Safari:
Learn about insects and their roles in ecosystems through games.

THANK YOU
